From: "Barak" – Family of Ghulam Hazrat

Dear Fire Dept of Langford

I hope you and your colleagues are fine and doing well, wish everybody is fine and well specially to your respected family member.

Have gotten information already about Ghulam Harzat issue, so the time is running out it means the time will be close out, because he will be returning back to India country for operation, so he has loaned 30000\$ from different colleagues, and family members from this money for his treatment at India country; other remaining money his colleagues return taken from him because they were needed.

I would like to share with yours, when he want to go to India country for operation he don't enough money to support complete operation. If could if possible help us regarding this issue.

From Friend of Ghulam

Dear Fire Dept of Langford

Hello Hope you are fine. Ghulam Hazrat is in Kandahar because the doctors give him the medicine for one month, after one month the Indian doctors call back him for some surgery operation.

Ghulam Hazrat plans for treatment will be in Max Hospital in India New Delhi. Indian doctors will give him some medicine for seven days after that they will do surgery, so when I contact him I will ask from Ghulam Hazrat that which surgery they want to do.

Dear respected sir Ghulam Hazrat really need help because when he go to India he spend more money that he was stayed for more time in India and he do medical check-up.

Dear sir we are trying our best to find some money for Ghulam Hazrat's treatment but we couldn't find enough money because we need your help.

Dear Fire Dept of Langford

Hello, Hope you and your family are felling well

Dear sir in fact Ghulam Hazrat is my so close friend and we are as brothers no one know that they are friends, and I am civil engineer and I have help him also some of this amount and also he and me got some loan from other friends.

Note: Dear sir I really love Canadian people because I work with Canadian Troops with their construction projects for three years but unfortunately I injured in Kandahar city then I shipped from Kandahar to Kabul.

Taliban wanted to kill me because when they arrested me then they told me that you work with Canadian so we have to kill you but I were lucky that I treated, it was so bad day that I got one bullet in my head and 79% my face's right sides nerves were cut but now I am OK.(it was my bad history and my introduction)
