

### March 12, 2012 - Update on Chief Ghulam Hazrat's Medical Progress

As you can see from the pictures above, Chief Hazrat is recovering from his latest surgery which was paid for in part by your generous donations. Thank you all so very much for the donations, Ghulam is very thankful for your assistance.

Chief Hazrat is in India, along with a family member, recovering from a successful surgery performed on March 1<sup>st</sup> and 2<sup>nd</sup> 2012. These surgeries have been reviewed with our Medical contacts in Vancouver and everyone is very pleased with his progress. He has had abdominal grafts and gastrointestinal work done to repair the damage caused by the attacks.

We have been able to securely transfer the funds raised to date. The goal of \$30,000 was not met but the progress continues and we are hoping to raise the remaining \$20,000 over the next few months. If you are aware of other possible donors to help Chief Hazrat, please feel free to pass this information on.
