## **TRAFFIC ADVISORY**

**Where:** Between Sooke Road and the Trans-Canada Highway

**When:** Monday, 04 May 2015 to Monday, 15 June 2015

**What:** Traffic Delay – Crack Sealing

Please be advised that between May 4<sup>th</sup> and June 16<sup>th</sup> 2015 **CRACK SEALING** will be taking place on various roads throughout the City bounded by Sooke Road in the south and the Trans-Canada Highway in the north. Crack sealing is a cost-effective treatment to extend the life of asphalt that is beginning to crack and an important part of the crack sealing treatment is the application of sand over the sealed cracks. The City understands that sand applied to the roads is an inconvenience to vehicle travel but wishes to clarify that all applied sand will be swept up in a timely manner, typically within 48 hours unless it has been applied on a Friday where it may be swept the following Monday.

Traffic control will be on-site directing traffic. Delays may be expected, motorists please be aware. We apologize for the inconvenience.
