## TRAFFIC ADVISORY

**Where:** Intersection of Millstream and McCallum Roads

**When:** Monday, October 05, 2020 and Tuesday, October 06, 2020 from 8:00am to approximately 8:00pm

**What:** Traffic Signal Relocation

Please be advised that the City's signal contractor will be on site at the intersection of Millstream and McCallum Roads Monday and Tuesday October 5<sup>th</sup> and 6<sup>th</sup> 8am to approximately 8pm to relocate the signal lights in preparation for the final construction of new lanes on McCallum Road and southbound on Millstream Road.

**The signal lights will NOT be completely turned off.** The signal lights will be set into 4-way flash and traffic control personnel will be on site to direct traffic. This means that the signalized intersection will flow as it normally would, with some slight delays.

Industrial businesses north of the Trans Canada Highway and local schools have all been notified well in advance. The City's other construction site on Florence Lake Road will not have any lane closures on either Monday or Tuesday to allow that area to be used as a detour.

The work is being done primarily during daylight hours for worker safety reasons.

If you are attending Costco, there are two other options open, Exit 15 McCallum Road if you are coming from the great Victoria area or Exit 16 Leigh Road if you are coming from up island or Langford.
