TRAFFIC ADVISORY

- Where:** Sooke Rd (Hwy 14) at West Shore Parkway
When: Friday, April 23, 2021 to Thursday, May 20, 2021, 7:00am to 7:00pm
What: Sewer Construction

Please be advised that sewer construction will be taking place on Sooke Rd (Hwy 14) at West Shore Parkway on Wednesday April 21, 2021 to Thursday May 20, 2021, 7:00am to 7:00pm. Access to West Shore Parkway from Sooke Rd will be restricted during this time. Access northbound from Sooke Road onto West Shore Parkway is closed until Thursday May 20th. If work completes sooner, it will reopen sooner, and a revised traffic advisory will be issued.

The work here includes installation of a very deep sanitary sewer in difficult ground conditions, that makes leaving this uphill/northbound lane on West Shore Parkway not possible to stay open during work.

Traffic control personnel will be on-site. Please obey all traffic control personnel. We apologize for the inconvenience.
