MEDIA RELEASE

2014/07/16

Campfire Ban in Effect – Effective July 17, 2014 at noon

The Province has increased the fire hazard rating to “Extreme” in our area. Given the potential dangers from fires we are initiating a complete fire ban for the City of Langford. No further campfire permits will be issued effective at noon on July 17, 2014.

Propane and gas fired BBQ’s and heaters are still permitted and urged to use with caution in appropriate areas.

Be cautious when using outdoor equipment such as chainsaws, lawnmowers, decorative torches, and heaters etc. as well. Sparks from such equipment has caused fires in the past.

For further information, contact Fire Chief Bob Becket at 250-478-9555.
