Subject: Bylaw No. 2016 Amendment to be held by City of Langford on Tuesday, April 19, 2022

Dear Mayor Young and Council Members,

I cannot support you with the request to amend Bylaw No.2016 for the following reasons:

Granderson Road cannot physically support the number of new residents that will move into to the area.

Granderson Road is a two way street as indicated by the stop sign on the corner of Granderson and McMurdo. McMurdo is the only exit off Granderson that enables residents to head towards Wale Rd.

I have asked to see a copy of the Traffic Assessment and was told it is protected under the Privacy Act. I believe that this is yet another "roadblock" that shows a lack of transparency on the part of the City and the developers. It is a lack of respect for the residents of Langford.

There are two oak trees on 636 Granderson Road. These majestic old trees are on the edge of the 636 property and I would like confirmation from the City and Developer that they will not be taken down.

[REDACTED] I see now why this street and the houses on it turned out to be neglected rentals.

They were owned by slum lords looking to cash in down the line and they should be ashamed of themselves.

Sincerely,

P. L. Hamilton
636 Granderson Road
